

A Grateful Tribute

THE HOME OF THE RED CROSS SOCIETY grows at all times and its facilities are not the people in many ways of life and under various circumstances. The people of this town have been very generous in their contributions, and it is to be hoped that they will continue to do so in the future.

An Instance Of Friendship
From Canada. The newspaper says the latter advised the London Times that there will be no further need for an effort comparable to that rendered in the "Times", but that previous appreciation of service is required of the very best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

Is Appreciated By Many Here
This tribute will be appreciated by the many people in Canada who have helped the work of the Canadian Red Cross Society, and by those who have been associated with the service which was rendered in Britain after ten years of splendid service. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

Winning Plan
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

Curling Wins Slow Problem
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

British Is Facing Shortage Of Pepper
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

For Quick Relief Beyond Relief
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

MAINTAIN SUGAR
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

FOR QUICK RELIEF BEYOND RELIEF
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

MAINTAIN SUGAR
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

FOR QUICK RELIEF BEYOND RELIEF
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

MAINTAIN SUGAR
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

FOR QUICK RELIEF BEYOND RELIEF
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

MAINTAIN SUGAR
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

FOR QUICK RELIEF BEYOND RELIEF
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

PRIZE WINNER - Pauline Steward, "Baby Girl", a young girl, won the first prize in the Wapella Memorial Rink. The other children in the picture are also prize winners.

Recommend New Grain Species For Certain Areas in Manitoba

WINNIPEG—One new variety each of wheat, oats and flax has been recommended for certain areas of Manitoba by the cereal committee of the Manitoba Agronomists. Reporting to the 25th annual conference of the organization, which was held in the legislative building, the committee headed by J. H. Webb, advised the use of:

FUNNY And OTHERWISE

The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

MAINTAIN SUGAR
The winning plan is to be the best of the country. It is to be hoped that the spirit of the nation will be so much to the benefit of the world.

Wapella's Large Memorial Rink Result Of Fine Community Spirit

WAPELLA, Sask.—The official opening of Wapella's new Memorial Rink took place on December 16th and 17th with President Duggan presiding. The opening program consisted of a magnificent program and a magnificent dinner on the 16th, with good entertainment on the 17th by members of the Wapella City Players. The rink was followed by a hockey game and the Memorial Rink was opened on the 17th. Second round of the rink was followed by a hockey game and the Memorial Rink was opened on the 17th.

The opening of the rink was a most successful one. The rink was followed by a hockey game and the Memorial Rink was opened on the 17th. Second round of the rink was followed by a hockey game and the Memorial Rink was opened on the 17th.

EFFECTIVE MONDAY, JAN. 9

TEMPORARY CURTAILMENT OF PASSENGER TRAIN SERVICES

ACCOUNT COAL SHORTAGE

Due to serious depletion of coal reserves of the railway because of work stoppages and shortened working hours in United States mines, Canadian National announces temporary reductions in certain passenger train services effective January 9th.

For information acquire at your nearest Canadian National Railways ticket office or see your local agent.

Curtailed Train Service Draws Widespread Protest

Despite strenuous objections made by the community, the Canadian National Railway has announced that it will curtail its passenger train service between Bashaw and Edmonton effective this week.

...s' choice comes in
inches' diameter at like-
size. The 1000 is man-
ufactured in the U.S.
shipped by Sea Ray. Why
choose the 1000? Because
it's in the great class
of boats that are built
to last. And the 1000 is
the only boat in the class
that's built to last.

Whiskey, Mr. Lee, Con-
solidated. The 1000 is
the only boat in the class
that's built to last. The
1000 is the only boat in
the class that's built to
last.

Local and Personal

The Star's Phone is No. 46

Mr. Louis Delfosse arrived Thursday last from Edmonton and is staying with his mother, Mrs. Delfosse, and daughter Alice and Edith.

Temperatures of fifty below have been forecast for Tuesday night with a chance of snow. Note weather for Thursday or Friday, so that it will be very much overcast.

ST. PETER'S W.A.

St. Peter's W.A. held their regular monthly meeting at the home of Mrs. A. A. Jervis on Wednesday evening last.

It was decided to arrange for the St. Peter's church annual meeting to be held in the Masonic Hall at 8:00 p.m. on Wednesday, January 31. All members of the Church and friends are invited.

The meeting ended with a delicious snack served by the ladies.

Alberta Retains Third Place As Egg Producer

Although Alberta egg production has declined since 1935, it still remains in third place among producing provinces, a position it has held for many years.

According to the latest figures, Alberta's egg production in 1936 was 1,100,000 cases, compared with 1,200,000 cases in 1935.

The decline in production is due to a number of factors, including a decrease in the number of laying hens and a decrease in the number of eggs produced per hen.

Despite the decline in production, Alberta remains in third place among producing provinces, behind Ontario and Quebec.

The decline in production is a cause for concern, as it may result in a decrease in the number of eggs available to the public.

It is hoped that the decline in production will be temporary, and that production will return to its former level in the near future.

The decline in production is a cause for concern, as it may result in a decrease in the number of eggs available to the public.

It is hoped that the decline in production will be temporary, and that production will return to its former level in the near future.

GROCERY SPECIALS

Stop That Noise in Pipes

to the air-chamber (see the line of drinking cups in the table) you step water hammer.

CITY water for my home and my car. I have a 100-gal. tank, and I don't bother with the level of the water in the tank. I have a float valve that keeps the water level in the tank at the desired level. I have a float valve that keeps the water level in the tank at the desired level. I have a float valve that keeps the water level in the tank at the desired level.

And about the only way to fix a water hammer is to install a water hammer arrestor. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house.

Water hammer is a problem that can be solved by installing a water hammer arrestor. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house.

We are showing here now a close-up of the water hammer arrestor. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house. I have a water hammer arrestor installed in my house.

of a few of the largest, perhaps 25 inches in diameter and not less than 100 feet long. They mean that the oil will be pumped to the surface on a single cap and on the receiving end there should be installed a small head to pump the oil to the surface when necessary. A stop and waste well should also be installed in the

Alberta Companies To Drill For Oil Near Vancouver

VANCOUVER—Two Alberta oil companies plan to start drilling near Vancouver soon.

Maxwell Davis, managing director of the Petroleum Ltd. and R. A. Brummer, managing director of Alberta Petroleum Ltd., said that they were planning a drilling effort of 50,000 acres of land that they have obtained about

TRY AND STOP ME!
BY BENNETT CROW

When Helen Hayne was appearing in the role of Queen Victoria, she received hundreds of letters from fans who wanted to have not the queen in person. Some of their comments were even fantastically unbelievable to their ears. One, for instance, claimed to have been conversing with Victoria through the stars.

Shawcross like the best of his stock
has been responsible for Doug and
Bill nothing so many goals these
just for years.

Trafford Line in K.I.I.I.
Detroit Lead Wings' forward the
title Max McNabb. Every Country
and Steve Hawk is the tallest line in
the league. Large Bill McNabb
and Cedric stand at 7', while
Hawk is an even 6'.

A pitcher's release that it takes a
woman eager to draw them a man
because she has to show down leg

the curves.

GENE OF THOUGHT

"THE MAN"

I am the way, the truth, and the life; no man cometh unto the Father, but by me.—Christ Jesus.

An era in human history is the life of Jesus, and its immense substance for good begets all the pervasiveness and suggestion that has occurred almost harmless—Everest.

The only sound and durable founda-

Christianity is not a theory or speculation, but a life; not a philosophy of life, but a life and a living *[groans]*.

Past, present, or future philosophy or religion, which departs from the instructions and example of the great Gospels, Prophet, and Christ-like—Mary Immaculate.

The only way to realize that we are God's children is to let Christ

Smile of the Week—

Confidence in the Future

THE FIRST FIVE YEAR STRIDE Canadians have enjoyed an unbroken period of prosperity. Prices of farm products and manufactured goods have been at high levels and there has been almost full employment. In addition, great expansion has taken place in the development of our natural resources. During the period there are few people who have not understood that long and successful periods of growth and prosperity have been some indication that the peak of the prosperity is past. In 1939 the volume of export trade was five per cent below the level of the preceding year and continued decline in volume has been reported in the first months of this year. These figures indicate that the first five years of the boom, and there has been a decrease in employment.

Although all these figures point to a decline in the general level of prosperity, there are other considerations. The demand of a much more conservative nature. The Dominion Bureau of Statistics recently announced that the total value of goods and services produced in 1938 was \$1,000,000,000 more than the figure of 1937. Capital investment in the mining and pulp industries, provincial works, hospitals, new schools, universities, hospitals and homes. Outstanding high level of investment in the country and they also indicate that the future of the country and its people is in the future. It is expected that \$100,000,000 will be spent this year in developing work in the West and that about the same sum will go into purchasing materials and supplies for Canadian needs.

In conclusion, the report of the Bureau of Statistics says, "Added to these are increased possibilities of growth from foreign trade, from the fact that a picture which remains for brighter than past years would have been to perfect a few years back." Capital spending is regarded as one of the most important factors in the economic structure and it is encouraging to know that this figure is at a high level in Canada this year. In contemplating the present situation we should bear in mind that the large sums invested in expanding our public buildings and homes and in developing our natural resources add to the confidence in the future of the country, which might well be shared by all the people of this land.

The North West Territories

Biggest Tourist Trade in History Expected Here

A COMMERCEABLE PART OF CANADA is included in the North West Territories, yet that area has only a small proportion of the population and as yet has not developed as rapidly as other parts of the country. The climate and the distance from the main highways and the highways themselves for that matter, a large part of the potential mineral wealth and other resources are as yet undeveloped.

Figure given in the Canada Trade Press for 1944-45 shows that mining and trapping provided over 80 per cent of the net value of production in the North West Territories and Yukon in 1944-45. In 1944-45 the net value of production was \$14,647,676, while mining and trapping accounted for \$11,900,000. The net value of production from agriculture in 1944-45, but including trapping, was \$1,000,000. The net value of production from agriculture in 1944-45, but including trapping, was \$1,000,000. The net value of production from agriculture in 1944-45, but including trapping, was \$1,000,000.

Local and Personal
The Star's Phone No. 40

Example
Mr. A. J. Adams, who has been a resident of Bannaw for many years, was recently elected to the position of Mayor of the Town of Bannaw. He was elected by a large majority of the voters.

Example
A fire broke out at the home of Mr. J. H. Smith, 123 Main Street, Bannaw, on Wednesday night. The fire was caused by a gas leak and resulted in the destruction of the house. The fire department arrived at the scene and fought the fire for several hours. The house was completely destroyed and the family was displaced.

Example
The Bannaw School Board has announced that the school year will end on June 10, 1966. The board has also announced that the school will be closed for the summer months of July and August.

Example
The Bannaw Police Department has received information that a person named John Doe has been seen in the area of the town. The police are currently searching for Doe and have asked the public to provide any information that may be helpful.

The Need For Nurses

HEALTH IS PRIMARILY a matter of nature to the individual but the health of the people is of importance to the country as a whole and there has been a growing urgency on the part of governments to safeguard the health of the population. The extent to which government health services are provided varies in different parts of the world, but there are many countries where great progress has not been made in such things as clean, preventive disease and care of pregnant patients. In Canada, the health services are well advanced and the government is to be commended for the rapid expansion carried out in provincial departments of health and the department of national health and welfare.

Lack Of Space In Hospitals

One of the greatest difficulties of hospital care in many parts of Canada has been the shortage of space in the hospitals. The construction of new hospitals and additions to present hospitals are expected to be completed in the near future. In the meantime, the shortage of space in the hospitals is a serious problem. The shortage of space in the hospitals is a serious problem. The shortage of space in the hospitals is a serious problem.

Will Be Need For More Staff

It is not only the shortage of space in the hospitals but the shortage of staff. The shortage of staff is a serious problem. The shortage of staff is a serious problem. The shortage of staff is a serious problem. The shortage of staff is a serious problem. The shortage of staff is a serious problem.

Grain Hedging Loses Roundly Not Deductible

OTTAWA.—The Finance Department has ruled that grain hedging is not a deductible expense in the computing of income for a firm.

Infanticide punishment destroys nerves in the body and sometimes supplies it with more muscles and is treated by modern nurses cannot operate.

Primary cause of research, says the National Foundation, is to wipe out the virus which came in, to find out, and to improve existing nursing treatment of disease and by laws to speak in the last week's month. But there have been setbacks at all times of the year.

John Middleton, a regional director

The National Foundation for Infectious Diseases now has 96 research projects under way in university laboratories, two of them at the University of Toronto. The initial objective is to find out how many virus strains the disease has. Roland H. Berg, director of research information, A. least three strains of the virus are known now.

in 1492, the stage portraying the life of Columbus and his discovery of America in 1492.

By F. R. JONES •• What's Going To Give Him Awe.

For Martin Hoffman, Wolff and I took the train to New York City. Hoffman and I had been in an interview with the FBI, and he had just heard the story in the news. He was either a Jew or a Jew-baiter, but he was of either. I stated to Wolff that what I thought I'd covered was the matter Hoffman was dealing with.

I gave Hoffman a copy of the book and told him what I thought of it. Hoffman told me in the West, Hoffman Manufacturing Company got away by furnishing the means to the West Coast. Hoffman Manufacturing got away by the largest business in the West. Wolff started out as a Jew-baiter and a Jew-baiter. Hoffman Manufacturing was a Jew-baiter and a Jew-baiter.

And it cost of his work out. To keep his count down he paid barely enough to keep the job filled. He gave riders as though they came out of his own pocket, and therefore lost all his good men as soon as they learned enough to hold a job anywhere else. He wasn't above proce-

got all over town. But, just
 same the next time Weitzman
 came into my office I said:

Good Rain Revives Crops and Gardens

Excellent rainfall has come this week to revive crops and gardens which had been dry and low for several days and last week.

Rain began to fall early last Monday afternoon and continued to pour down steadily through the night and Tuesday morning, the total at 10:00 a.m. being 1.5 inches. The rain was very welcome to the north country where the crops had been very dry and the gardens were in a state of distress.

The rain has been a great help to the crops and the gardens, which were in a state of distress. The rain has been a great help to the crops and the gardens, which were in a state of distress.

Look Over Site For Extra Classrooms

Trustee George Upton, representing Council School Division, was on Tuesday morning on a tour to examine the site for extra classrooms at the school.

Upton was accompanied by the school principal and the school board members. They were looking over the site for extra classrooms at the school.

DONALDA NEWS

By Harold H. Smith

Donalda, Alberta, July 12, 1939.

The Donalda community is very
pleased to welcome the new
Donalda school building, which
was opened last week.

The new school building is a
very fine one and it is hoped
that it will be a great help to
the Donalda community.

On In the West

THE OPENING OF NEW WELLS IN THE West is of great importance to Canada's economic development in the past few years. With the opening of oil and gas fields, the importance of finding new sources of energy cannot be overestimated. Activity is continuing present oil fields in the West is undoubtedly going on and surveys are being made in new areas. The importance of this activity has been reported that in March of this year the production of petroleum and natural gas in Canada was at an all-time high for any month.

The output of oil in Canada in March was 4,512,000 barrels, an increase of 10 per cent over the production for March, 1949, and of 12 per cent over the previous record which was set in September, 1948. This year was largely attributed to an increase in production in the Leduc and Bonaventure fields in Alberta. Production in the Leduc field in March was 2,230,000 barrels, an increase of 10 per cent over the production for March, 1949, and of 12 per cent over the previous record which was set in September, 1948. This year was largely attributed to an increase in production in the Leduc and Bonaventure fields in Alberta. Production in the Leduc field in March was 2,230,000 barrels, an increase of 10 per cent over the production for March, 1949, and of 12 per cent over the previous record which was set in September, 1948.

Legal Survey Is Organized
The Canadian survey in the West has led to the organization of a large legal survey by the Dominion Department of Mines and Technical Surveys. It has been announced that eleven per cent of the twenty-five and twenty working in Canada this year will be in the far north and in the west to assist the provincial governments with the granting of oil leases and to survey the boundary lines between the Northwest Territories and Alberta, and between Alberta and British Columbia. Work will also be done on subdividing lands in the Northwest Territories and Alberta, and on all developments of the oil and gas fields in the West and it is to be hoped that this survey will be of great value to any country in the present state and the development of new oil wells in the West will have increasing effect upon Canada's future economic and industrial expansion.

Modern Building Program For Peace River Schools

By Barry Gilles in Vancouver Province

One of the best signs of a district's growth is increasing school population. Growth by this rate in the Peace River district is being met by a modern building program. The Peace River School Board will spend almost a million dollars this year in new school construction on its northern frontier. The school board is keeping up with the steady increase in population.

When the new school is built, it will be the first of its kind in the Peace River district. The new school will be a modern building with all the latest facilities. The new school will be a modern building with all the latest facilities. The new school will be a modern building with all the latest facilities.

Building Boom Incentive To Reforestation Program

By JAMES STEVENS
(CPC Correspondent)

A building boom in the West is being given a boost by a new federal program to encourage the planting of trees on private land.

The program, which is being financed by the federal government, will provide a grant of \$100 per acre for the planting of trees on private land.

The grant will be paid to the landowner in the form of a check, and will be used to cover the cost of the trees and the cost of the planting.

The program is being financed by the federal government, and will provide a grant of \$100 per acre for the planting of trees on private land.

The grant will be paid to the landowner in the form of a check, and will be used to cover the cost of the trees and the cost of the planting.

More Than Enough Men To Go Around

OTTAWA.—Gila, it looks as though the time has come when you can go off to look over the field, before setting up the first proposal of marriage.

There are now more than enough men to go around, the Bureau of Statistics estimated. It estimated that in 1961 there were 1,000,000 men in Canada compared with 870,000 in 1951.

The report added, made in 1961, that the number of men in Canada was now more than enough to go around.

Questions Commonly Asked About PROPANE GAS AND APPLIANCES

WHAT IS PROPANE?
PROPANE is one of the components of Natural Gas compared to it liquid and used by Appliances as a dry gas.

WILL THERE BE A CONSTANT SUPPLY?
Production of PROPANE is far beyond consumption, and so long as there is Natural Gas there will be an abundant supply of PROPANE.

IS PROPANE POISONOUS?

IS PROPANE HAZARDOUS TO HOUSE PLANTS?
No. On the other hand it is beneficial.

HOW HOT IS PROPANE?

PROPANE has one of the highest heats in common use, being two and one-half times as hot as natural gas. PROPANE is known as the "Gas Beyond the Flame-Heat," meaning the natural gas pipe line. PROPANE is a safe fuel when handled properly, but will explode the same as natural gas or gasoline. It is considered by safety authorities as the safest fuel. PROPANE ranges may be installed in any location in the kitchen, as they do not carry a cover glass. PROPANE eliminates odor, smoke and fuel carrying. It does not create carbon, soot or soot-burn.

CURT OF PROPER?

For installing gas, one is responsible to word and cost. PROPANE IS NOT AN EXPERIMENT, NOR IS IT IN THE EXPERIMENTAL STAGE.

It has been used in the United States for more than twenty years. Due to our conditions, it was not introduced to Alberta until about two years ago.

DOES PROPANE EQUIPMENT BURN OUT?

Propane equipment, properly handled, should last several lifetimes.

WE ARE INTERNATIONAL TRIPLE DIAMOND DEALER.

AND WE HAVE THE BEST IN THE BUSINESS

On our own today as International Triple Diamond Service Dealers we had to meet seven rigid qualifications. Among these qualifications are technical skill and training of our mechanics; use of internationally approved tools and equipment; installation of internationally engineered parts; and establishment of fair prices. And the seven qualifications we have met mean this to you: 1. You get the very best in truck service from us, everything from a lubrication job to a complete overhaul. 2. We save you money because of our quick, expert work and our established fair prices.

A FEW SUGGESTIONS FOR TRANSPLANTING PINE TREES

The study of pine trees is a most attractive hobby, and the pine should be planted and raised every last of its years.

P. D. McNeill, Supervisor of Forests, Alberta Department of Agriculture, advises that most pine trees are best raised and planted after the first of June, and since most of the pine trees are raised in the summer months, they should be transplanted in the late summer or early fall. The pine should be transplanted in the late summer or early fall, before the first frost. An exception to this rule is made in the case of the larch, which may be transplanted in the late summer or early fall, before the first frost.

The pine should be transplanted in the late summer or early fall, before the first frost. An exception to this rule is made in the case of the larch, which may be transplanted in the late summer or early fall, before the first frost.

NEW WEEDING AND SOIL MAY INCREASE NEW PLANT GROWTH

For non-stop harvesting...

IMPERIAL FUELS

When harvests are ready and time is short... remember... there's a dependable Imperial Oil agency in your locality. Call him when you need good harvest fuel... fast.

Remember, too... there's a dependable Imperial fuel specially designed to give top performance in any tractor or farm motor. Imperial fuels are built to keep motors purring... no loss of power when the going is tough.

ESSO... for well-kept motors and high compression tractors... best fuel from your motor.

ACTO... gives full performance from medium compression tractors.

IMPERIAL TRACTOR DISTRIBUTORS... best low compression tractors. Leave the motor maintenance to them.

Special Award For Best Story

With some of the most brilliant short stories in the world, this book is a must for every reader. It contains a complete short story, and is a must for every reader.

Imperial Fuels

When harvests are ready and time is short... remember... there's a dependable Imperial Oil agency in your locality. Call him when you need good harvest fuel... fast.

Remember, too... there's a dependable Imperial fuel specially designed to give top performance in any tractor or farm motor. Imperial fuels are built to keep motors purring... no loss of power when the going is tough.

MR. MOTORIST!

Water may "crack down" very suddenly, and this is the right time to see a dealer for winterizing service. It will prevent your vehicle or car from breaking down in winter weather. You should look over these trucks and tractors:
1948 5-Ton BUCARBUCK TRUCK, with Radio. This is a great truck, in excellent shape. On dual wheels.
1939 1/2 TON INTERNATIONAL TRACTOR. On dual wheels. Broomfield.
BIRMINGHAM-SOLINE THREE FLOW TRACTOR 1500 BHP. Broomfield.
SEE US SOON FOR YOUR PARTS OF "WRESTLE" AND "COT" ANTI-FREEZE.

BURNING RANGE - MUST GO! \$45.00
Raemer's Hardware Ltd.
Phone 34

ATTENTION FEEDERS!

At the present time an increased feed cost is making it economically impossible for many feeders to continue to feed their stock on the same basis as in the past. This is due to the fact that the cost of feed is now over 100% higher than it was a year ago. This is a serious situation for all feeders and it is our duty to help them in this time of need.

Remembrance Service Saturday, 10:45 A.M.

Remembrance Day is a day when we remember the brave men and women who have given their lives for our country. It is a day when we should pause and reflect on the sacrifices they have made for us.

Remembrance Day is a day when we remember the brave men and women who have given their lives for our country. It is a day when we should pause and reflect on the sacrifices they have made for us.

Women's Institute **MINISTER OF PUBLIC WORKS**
ADDRESS MEETING AT PONO

Women's committee have to tie cloth
rooms on Wednesday, Nov. 1, with 27
members, a 4 and 2 minutes present. The
meeting was held at the home of Mrs.
the Grand Hall met was known. Of the
the article was the Larne
The committee have a very good
copies on the Country Fair.
The Junior W.I. will sponsor a fashion
show, on Sat. Nov. 1st at the Hall on
the 1st. It has been given a report
from the Junior W.I.
A committee was appointed to attend
to necessary repairs to two from com-
mittee.
It was decided to hold a series of
dances, by the MacMann, manager of
dances, will address a public meeting
the Legion Hall, Penzance, on Wed-
nesday, November 2nd, at 8 o'clock.
D. M. Moore, M.L.A., will speak
as evidence.
It is anticipated that the address
will be well attended by the public, and
very generally and with the pro-
posed for the Penzance area.

Mr. C. Gross and son Fred, of
Mrs. C. Gross and son Fred, of
son, spent Sunday with their da-
ughter Mrs. C. Gross.

Mrs. F. Lovell had a very interesting program including a concert. It was decided that the members would attend to junior work for the

GENERAL MEETING OF CUBERS WILL ARRANGE TO OPEN SEASON

A general meeting of the Corinth Club has been called for Tuesday next at 7:30 p.m. to discuss the coming season's play.

It is particularly desired that all former clubs be represented at this meeting.

VILLAGE SECURES PARKING SPACE FOR TRUCKS, TRACTORS

The Star learns that the Village has leased a tract of land from the C.N.R. for the purpose of providing parking space for trucks and tractors.

will be used for parking or truck maintenance.

With so much oil activity, it has been a problem for truck-owners to find a safe place to park their vehicles, especially when stopping overnight. The

Wedding Bells

KRAMER-TOTH
A beautiful wedding ceremony was held at the home of Mrs. C. K. Kinner of Lethbridge, when her daughter, Miss C. K. Kinner, was married to Mr. C. K. Kinner of Lethbridge. The ceremony was officiated by Rev. C. K. Kinner of Lethbridge. The bride was accompanied by her father, Mr. C. K. Kinner of Lethbridge. The groom was accompanied by his best man, Mr. C. K. Kinner of Lethbridge.

Research in Building

A NEW AND VERY PRACTICAL FIELD of research which has recently been undertaken in Canada is concerned with the science of problems in building. The construction of houses and other structures which will withstand the effects of the weather upon them has long been a matter of interest in this country, where the extreme climate causes many difficulties in the way of building. At present, however, the research is being carried on in a more scientific manner, and the results are being published in a series of bulletins.

Research in Many Matters

Three years ago the National Research Council established a new division to study the effects of the climate in various parts of Canada upon the construction of buildings. The division is now in the process of carrying out a series of experiments, and the results are being published in a series of bulletins. The first bulletin, which was published last year, dealt with the effects of the climate upon the construction of houses.

Tests Now Being Made

At present, tests are being made upon the construction of houses in various parts of Canada. The results of these tests are being published in a series of bulletins. The first bulletin, which was published last year, dealt with the effects of the climate upon the construction of houses.

Bank Farmers Receive \$2 Million From Wheat Pool

REIDNA-Bankers have received a \$2 million dividend from the Wheat Pool. The dividend is the largest ever paid by the pool, and it is a reflection of the success of the pool in the past year.

The dividend is being paid to the members of the pool, and it is a reflection of the success of the pool in the past year. The dividend is the largest ever paid by the pool, and it is a reflection of the success of the pool in the past year.

The dividend is being paid to the members of the pool, and it is a reflection of the success of the pool in the past year. The dividend is the largest ever paid by the pool, and it is a reflection of the success of the pool in the past year.

DEMAND FOR MONEY INCREASING

BANKERS ARE REPORTING THAT THE DEMAND FOR MONEY IS INCREASING. This is due to the fact that many businesses are having difficulty in obtaining loans, and they are turning to the banks for help.

15,000 Years For Atomic Bomb To Destroy World

PHYSICISTS HAVE CALCULATED THAT IT WILL TAKE 15,000 YEARS FOR AN ATOMIC BOMB TO DESTROY THE WORLD. This is because the bomb would only destroy a small part of the world, and the rest would be able to recover.

Went Home! Behind that gate is in time

A STORY OF A MAN WHO WENT HOME AND FOUND THAT HIS WORLD HAD CHANGED. The man had been away for many years, and when he returned, he found that everything was different.

SCOTT'S EMULSION

THE SCOTT'S EMULSION IS A FINE FOOD FOR THE BODY. It is made from pure cod liver oil, and it is the best way to get the most out of your food.

THE TRAILER

THE TRAILER IS A FINE WAY TO SEE THE MOVIES. It is a small, portable, and comfortable way to enjoy the movies.

DON'T BLAME US IF THE PAPER REACHES YOU A DAY LATE

The Editor learned tonight of your family in order to get this issue to you subscribers in spite of numerous letter delays we are sorry.

But Tuesday evening we learned that Editor Rivers planned to cut off the paper. Wednesday morning, just when the last paper you should be in possession.

There were made to get ahead of the paper, and when that was done, we were able to get the paper out. We are confident of our ability to "make it" in the future.

Published in an interesting way.

IN MEMORIAM

GORTNEY In loving memory of my son, Arthur Eric and David Henry Gortney, killed in action in Italy, December, 1941.

Gather, you and leave more true, than their hearts to the land we love. New my shadowed path leads on. Down the long and lonely years.

CHRISTMAS 1950

EVERY Christmas season brings to us the recurring knowledge that mankind need not be destined for sorrow, destitution and strife. A true spirit of Christmas captures us with its glory and teaches us that lasting peace on earth is our highest goal.

If you'll permit the proprietor of this store one wish at this Christmas time, let it be this—that the spirit of the Christmas star be our perpetual guide and that we may meet our fellow men on the level of peace, trust and friendship. Not just until December 26, but for the rest of the year—for the rest of our lives.

It is in that spirit that we extend to you our hope for a truly Merry Christmas.

E. Kimmelman

Not only in appreciation of our pleasant business relationship throughout the year, but in all sincerity we wish you and yours
